December 4, 2021

RC _____ Withdrawal of Proposal 27

The Native Village of Chenega withdraws Proposal 27. Chenega shares the concerns expressed during public testimony that allowing subsistence fishing seven days a week will increase competition among subsistence users. Chenega believes that its goal of providing increased opportunity for tribal members is more appropriately addressed through Proposal 26, providing a village council subsistence permit. Chenega encourages the Board not to adopt Proposal 27.
